

AVerVision W30

Wireless FlexArm Document Camera

formerly
AVerMedia Information

Product Description

Free yourself from wires with the world's first wireless doc cam with seamless 30 frames video! Bring your lessons to new dimensions and put the excitement of learning into the hands of your students. With a rechargeable battery lasting up to 8 hours, imagine the possibilities of presenting lessons and student work from anywhere in the room, up to 45 feet away. With a high speed connection to the projector and computer, you can capture still images and video using A+ and any third party software using our flash app.
